DESIGN MARZIA RIZZATO

Valderamobili

MASCARI

Il progetto nasce dalla ricerca di uno stile dal sapore contemporaneo, improntato alla più essenziale comunicazione del design: è all'intensa attenzione all'armonia che Valderamobili affida la più raffinata interpretazione del lusso. Una scelta decisa nel segno della purezza stilistica, dove la ricchezza si trasferisce dalle forme ai materiali: le linee, così liberate, trovano nuove potenzialità espressive per custodire le essenze impiegate. Le nuove proposte sono modulate con originali combinazioni di materiali di pregio che spaziano dalle laccature ai marmi, tutti rigorosamente selezionati tra le eccellenze del Made in Italy.

A prendere vita è una collezione capace di trasformare gli ambienti casa con proposte tanto inedite quanto preziose, la cui cifra interpretativa è il perfetto connubio tra design ed estetica.

The overall project is the result of research into a style with a strong modern feel, but marked by a more essential communication of the design: the intense focus on harmony to which Valderamobili applies its most sophisticated interpretation of luxury.

A decisive choice driven by purity of style, where the richness is added by the shape of the materials: this freedom of flow brings out new expressive potential for encapsulating the woods used. The new collection items are modelled with original combinations of high quality materials ranging from lacquering to marbles, all carefully selected from the best of Made in Italy.

A new collection springs to life that is able to transform rooms in the home with ideas that are as superb as they are never before seen, their interpretation a perfect combination of design and attraction.
