

Our dream has always been to inspire people with our furniture. To offer that little something extra that elevates design from the ordinary to the extraordinary. We value the time we spend together as a family and the special atmosphere that good design, with every detail in harmony, helps to create.

Today Tribù is one of the oldest fully family-owned manufacturers of high-end outdoor furniture in the world. Our independence gives us the freedom to pursue our own strategy. As innovators, it is our passion to develop beautiful and timeless outdoor furniture that meet demanding standards, creating places to relax and leave the daily stress behind.

We hope to inspire you with this catalogue and our furniture. Love it, live it, share it!

nodi

Light and airy, the Nodi collection's form and silhouette are characterized by twisted, interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the chair's arm is angled slightly inward in a welcoming gesture while the extra-soft cushions of the modular Nodi sofa are simply made for laid-back lounging.

elio

Elio, referring to the Greek sun god Helios, is inspired by the motion of light, reflecting and refracting on landscapes and objects throughout the day. The rich gradient effect in the seat and backrest, achieved by weaving multiple colours of yarn into one strand, mimics the gentle touch of light. Elio is characterized by a softly rounded silhouette that draws inwards to create a warm, intimate shelter.

tao

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. The use of refined lightened concrete gives the tables a look of elegant solidity. The Tao tables come in natural linen and warm wengé, tones to create striking centrepieces for any setting.

vis à vis

The starting point for the Vis à Vis collection were the loungers created by Cazzaniga, whose aim was to encourage communication in a relaxed atmosphere. The integrated table is designed in a way that two loungers fit into each other and thanks to the flexible bed base, they can be arranged so you lie face to face or alongside each other. The square slats of the side table are repeated in the table top of the dining table and the floating platforms of the modular sofa system, whose comfortable cushions are held in place with invisible supports. Side tables and borders can be added to personalise the look.

fabrics

Taking nature's palette as inspiration, Tribù's fabric collection consists of a wide range of weatherproof fabrics. The colours of the seasons, cool green leaves, sun-baked earth and glowing skies are captured in subtle, harmonising shades. Tactile, richly textured fabrics such as Rustic Weave add depth and contrast when paired with fine linen-look fabrics in natural tones. Our innovative use of high-performance synthetic fibres allows us to create fabrics that resist outdoor conditions, but nonetheless are superior in touch, feel and look.

Elio is characterized by a softly rounded silhouette that draws inwards to create a cocoon effect. This intimate feeling is even more enhanced by the higher back support. The chair is framed by natural teak which supports the seating shell primarily through the back legs. The handwoven seats in Tricord rope show a rich gradient effect, achieved by weaving multiple colours of yarn into one strand, making each piece of furniture one-of-a-kind.

The deep cushion of the Nomad easy chair is stitched to cocoon the body, folding over the armrests and moulding into the broad curve of the backrest. Designer Monica Armani used what she calls 'noble teak wood' for its warmth, smoothness and strength. Slender legs and contoured armrests give the chair its elegant profile and the smartly stitched cushion is as luxurious as it is comfortable. Nomad, like its name, works well wherever it is placed, in combination or as a stand-alone piece.

CTR is characterised by a tube in powdercoated stainless steel that follows the outline of the chair in one continuous line. The woven backrest is attached at only 2 points to the frame, resulting in a flexible backrest that ensures an outstanding back support. The yarn in polyolefin resists all weather conditions, but has nevertheless a surprisingly natural look & feel. The seat is upholstered with a water-repellent cushion which can be easily removed.

A subtle frame with attractive, curved armrests contrasts beautifully with the volume of the outdoor cushions which are supported by a weave in broad textile straps. Thirteen different modules compose the outdoor sofa of your liking. The aluminium frame of the sofa is powdercoated with ultra durable structure lacquer. The outdoor cushions can be left outside, even in the rain. The ventilating filling is covered with a laminated polypropylene cover which is water resistant. All stitches have an extra inside cover to prevent water from penetrating.

The modular Nodi sofa has a strong personality, yet it sits easily in an outdoor space without dominating it. The frame has an airiness and architectural appeal thanks to its curve, grace and open weaving. The extra-soft cushion filling makes Nodi one of the most comfortable outdoor sofas, as well as one of the most flexible. With three seating elements, four seat depths and 2 types of back cushions you can create your own personal sofa.

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. Designer Monica Armani has used refined lightened concrete to give a look of elegant solidity. The coffee table plays tricks with symmetry by setting the finely milled square table top off centre. The Tao tables come in natural linen and natural wengé tones to create striking centrepieces for any setting.

The rugged basalt columns of the Giant's Causeway in Northern Ireland were the inspiration for the Hexagon side table. It comes in a variety of heights and sizes, like the basalt columns, which makes a strong statement when grouped together. The sturdiness and pure symmetry of honeycomb also influenced these teak side tables. Hand crafted glazed lava stone, each piece unique and available in a selection of 4 colours, adds to the bold, natural look.

When Cazzaniga started to design the Vis à Vis lounge, he thought of a place where people could be outside and communicate with each other in total comfort. Result was a sunbed with royal dimensions and a handy integrated tabletop that is designed in a way that two loungers fit into each other. Thanks to the flexible bed base, you can lie either next to each other or opposite each other. The teak from plantations in East-Java has rounded corners to ensure a pleasant touch with your skin. DESIGN BY STUDIO SEGERS

Elegantly tapered legs and a crisp, clean silhouette define the Branch lounger. The slender frame is made of high pressure injected aluminium, a specialised technique that makes the lounger incredibly strong yet surprisingly light. Powdercoating the frame with a double ultra-durable lacquer adds a high performance finish. The Branch lounger can be stacked up to 12 pieces high, making it ideal for the hospitality sector.

The Tairu side table mixes practicality with natural beauty. The base is formed from a sturdy, hollow wooden rectangle with inset handles so it can be moved around easily. What sets the Tairu apart is the top, made from glazed lava stone from the Vesuvius. It is available in four sophisticated shades, each with a very subtle craquelure finish. The colours are applied by hand, which makes every piece unique.
