Tales of elegance

Marioni

Creare oggetti a Firenze è un'arte antica che affonda le sue radici nel Rinascimento. E' qui che nel 1966, dalla grande intuizione del fondatore Paolo, l'azienda Marioni nasce e si sviluppa. In pochi anni avviene la rapida trasformazione da piccola bottega artigiana a solida realtà industriale che conquista, con i suoi prodotti, spazi di mercato sempre più ampi in Italia e nel mondo. Fortemente connotata in senso familiare, nonostante le dimensioni attuali, l'impresa di quelle origini conserva il senso di appartenenza con la dedizione e l'impegno che ne derivano; della Toscana, terra d'elezione, la tipica innata creatività.

Notorious è la linea di prodotti realizzata da Marioni e progettata assieme ai migliori professionisti del settore, ispirata al gusto degli interni degli anni '40. Notorious ci proietta in un'atmosfera hollywoodiana dove il fascino e lo stile si intrecciano con la bellezza. Una collezione completa che comprende mobili ed imbottiti, apparecchi illuminanti e complementi d'arredo nella quale l'utilizzo di finiture sofisticate trasmette immediatamente una sensazione di eleganza e raffinatezza. Essenze esotiche quali l'ebano ed il palissandro, materiali caldi come la pergamena ed il cuoio, velluti di lana e marmi preziosi, cristalline dai riflessi iridescenti e metalli spazzolati, tutto richiama ad un'armonia di colori e forme. Il messaggio è chiaro: Notorious vuole dare un'identità alla creatività Made in Italy, combinando design e riscoperta della maestria artigiana. Lusso come oggetto unico, ricco di una propria storia e di un'identità forte e pertanto impossibile da riprodurre in grande serie.

Marioni

Create objects in Florence is an ancient art, strictly linked to the Renaissance. It is here that in 1966, from the smart intuition of Paolo Marioni, the company was founded. Then the rapid transformation from a small artisan workshop into a solid industrial reality, which conquers, with its excellent production, more and more international markets. A family-run business, despite the nowadays dimension, thst mantains, of its tradition, the dedication and the responsibility connected to it; of Tuscany, country of origin, the typical natural creativity.

Notorious is a collection designed by some of the most important architects and interior designers exclusively for Marioni. Notorious projects us in the Hollywood charm, where glamour and style are interwoven with beauty. A complete line of furniture and upholstery, lighting and home accessories, in which the sophisticated finishing touch evokes a sensation of elegance and refinement. Exotic veneers, as ebony or rosewood, warm materials like parchment or leathers, mohair velvets and precious marbles, opalescent glazes' reflections and brushed metals, everything recalls the harmony of colours and shapes. The message is clear: Notorious would like to give an identity to the "made in Italy" creativity, combining design and the revival of the craftsmanship. Luxury as unique object, rich of its own history and a strong identity, therefore impossible to replicate in series.

Supporto alla progettazione *Supporting design*

Tutti i prodotti della collezione Notorious nascono da una attenta progettazione e sono sviluppati con l'utilizzo di software di ultima generazione prima della prototipazione finale che invece è integralmente manuale e demandata ai nostri abili artigiani. Oggi sono disponibili per un uso professionale circa cinquecento modelli tridimensionali di elevata qualità tra cui troverete lampade, complementi d'arredo, divani, poltrone e sedie. I materiali (smalti, marmi, tessuti e metalli) sono invece visibili nell'area pubblica del sito www.marioni.it. Per poter accedere al download gratuito è necessaria una semplice registrazione.

All products in the Notorious collection are carefully designed and developed with the use of latest-generation software before the final prototype that is manufactured in house by our skilled craftsmen. We are therefore able to provide interior designers, architects and professionals an archive of 3D models as a useful working tool. Today about five hundreds high-quality three-dimensional models of lamps, furnishing accessories, sofas, armchairs and chairs are available. The materials (glazes, marbles, textiles and metals) are visible in the public area of the site www.marioni.it. To access the free download a simple registration is required.
