Myyour è passione per il design, per la ricerca, fra linea e tecnologia, per competere nel mercato worldwide, sempre più esigente e in continua espansione.

Una vita nel colore, nella forma positiva, giocosa ed eccellente della materia plastica. Un team dinamico, preparato ed efficace per rispondere ad ogni richiesta del Cliente.

Un'azienda giovane, in cui l'interazione fra tecnologia ed esperienza trentennale nel settore delle materie plastiche, risulta essere la vera forza della libertà creativa, della diffusione e dell'eccellenza nel processo produttivo.

Myyour è, dopo dieci anni dalla sua fondazione, un'azienda consolidata, una coesione fra saper fare e un'identità in costante mutamento, sempre pronta ad accogliere nuovi trend, nuove esperienze creative per ogni esigenza, indoor e outdoor, dell'abitare.

Myyour is passion for design, research, between line and technology, to compete in a global market, increasingly demanding and ever expanding.

A life in color, in the positive, playful and excellent form of plastic material. A dynamic team, prepared and efficient to respond to every need of the Customer.

A young company, in which the interaction between technology and decades of experience in the plastics sector, appears to be the real strength of creative freedom, the spread and excellence in the industrial production.

Myyour is, after ten years since its foundation, established company, a cohesion between know-how and identity constantly changing, always ready to welcome new trends, new creative experiences for every need, indoor and outdoor living.

Myyour lights nasce dall'esigenza di valorizzare i prodotti luminosi già presenti nelle collezioni e dar loro un ruolo da protagonista nel palcoscenico del design contemporaneo.

Grazie alla tecnologia di produzione rotazionale, Myyour riesce a creare forme che nell'immaginario collettivo ci si aspetta in materiali diversi dal polietilene.

Quest'ultime sono iconiche e sposano perfettamente la luce, siano esse associate ad una lampada classica o ad elementi che mai ci si sarebbe aspettati di trovare illuminati.

La ricerca infine di finiture speciali come l'ossidato e il direct painting, già di successo per Myyour nell'arredamento da esterno, impreziosisce ulteriormente gli articoli accontentando le esigenze dei palati più fini.

Myyour lights is born from the need to enhance the lighting products already present in the collections and give them a leading role in the stage of contemporary design.

Thanks to the rotational production technology, Myyour is able to create shapes that in the collective imagination are expected in materials other than polyethylene.

The shapes are iconic and perfectly match the light, whether they are associated with a classic lamp or elements that one would never expect to find enlightened.

Finally, the search for special finishes such as oxidized and direct painting, already successful for Myyour in outdoor furniture, further embellishes the items satisfying the needs of the finest palates.

Il vero protagonista di JOY é il Poleasy, materiale illuminato ed esaltato dall'accostamento con materiali preziosi ed inaspettati per il mondo dell'outdoor.

JOY, con la base in marmo e le sue perle di luce sorrette dall'asta di metallo con finitura rame, prende ispirazione dal mondo del gioiello classico ma è reso più contemporaneo da organiche superfici realizzate grazie a strumenti di modellazione digitale ed esaltate dal materiale plastico.

Le perle, grazie ai diversi supporti, permettono di declinare la lampada in vari formati e di adattarla a diversi contesti e funzioni: da importanti composizioni architettoniche fino al semplice punto luce.

Un gioiello di luce dalla grande presenza e dall'infinita grazia.

JOY's real protagonist is Poleasy, a lighted material exalted from the combination of valuable and unexpected materials regarding the outdoor world.

JOY has a marble basis and light pearls sustained by a copper finishing metal pole. JOY takes inspiration from the classic jewels world but it's more modern thanks to organic surfaces carried out through digital modelling instruments and exalted by plastic.

Thanks to the different holders, the pearls enable the lamp to be combined in various formats and adapted to different contexts and functions: from significant architectural compositions to the simple light source.

A light jewel with great appearance and endless charm.

Lampada dal design iconico e riconoscibile, dalla forte identità ed unica nel suo genere, Hollywood caratterizza ogni ambiente grazie al suo suggestivo impatto scenico.

La possibilità di regolarne l'intensità luminosa e l'orientabilità del corpo illuminante la rende una lampada trasversale e adattabile a varie situazioni: può illuminare un'area lounge, una parete o il soffitto, può caratterizzare l'ingresso di un locale o essere affiancata tanto ad un divano quanto ad un'area lettura...

La lampada Hollywood, con il suo mood "fashion-industrial", conferisce ad ogni ambiente un sapore di set cinematografico, nel quale sentirsi dei protagonisti sotto i riflettori.

Lamp with an iconic and recognizable design, with a strong identity and unique in its kind, Hollywood characterizes every location thanks to its evocative scenic impact.

The possibility of adjusting the light intensity and the directionability of the lighting body makes it a transversal lamp that can be adapted to various situations: it can illuminate a lounge area, a wall or ceiling, it can characterize the entrance of a room or it can be placed next as to a sofa as to a reading area ...

The Hollywood lamp, with its "fashion-industrial" mood, confers to every location a taste of film set, in which feeling the main character in the spotlight.

AMPO ULE

Una goccia di luce, una forma archetipa e pura che nel suo dinamico slancio racconta l'ineguagliabile poesia del dono di un fiore.

Questo il pensiero ispiratore di un vaso gigante per un unico fiore, un'opera che caratterizza ogni spazio con la sua semplicità, raccontando la magia della sua storia.

Il set comprende anche Ampoule S, per una presenza elegante a centro tavola

A drop of light, an archetypal and pure form that in its dynamic impetus tells of the unique poem of a flower gift.

This is the inspiring thought of a giant vase for a single flower, a work that characterises every space with its simplicity, telling the magic of its history.

The set also includes Ampoule S, an elegant presence in the middle of the table.

Bell lights è una linea di 3 lampade S, M e L realizzata in Poleasy rotazionale adatta all'utilizzo interno ed esterno.

Il design segue il filone industriale, così come la verniciatura vintage painting che grazie all'irregolarità della micro punti- natura e alla ombreggiatura accentuano il concetto vintage replicando l'effetto del tempo che scorre, rendendo ogni singolo articolo irripetibile.

La versione non verniciata per alcune misure è disponibile oltre al modello lampada a sospensione e lampada portatile con spina anche con kit RGBW a batteria.

Bell lights is a line of three lamps S, M and L made of rotational Poleasy suitable for indoor and outdoor use.

The design follows the "industrial" trend, as well as vintage painting which thanks to the irregularity of micro dots and shading, accentuates the vintage concept by replicating the effect of passing time, making unique every single item.

In addition to the suspension model, for some sizes, the unpainted version is also available as portable lamp with plug or with RGBW battery kit.

BROGLIATO TRAVERSO

About

Alberto Brogliato and Federico Traverso founded BrogliatoTraverso design studio in 2014. Their approach to design is 'NO TIME, NO SPACE' and refers to ideate objects with a timeless design. BrogliatoTraverso work by creating a detailed sign, but almost invisible. With these finely hinted forms, their creations establish deep intimate empathy with the users and their surroundings, respecting both of them. Their fine simplification process delivers projects addressing the needs of consumers and made for various companies, including Cappellini, Fratelli Guzzini, Infiniti, Il Fanale/Torremato, Myyour. The Studio won many international awards, including the Red Dot Design Award, German Design Award, iF Design Award and Good Design Award.

MORE DESIGN

About

Moredesign, a company based in Padua founded in 2007, which deals with industrial design in line with market needs following the client's requests.

Our experience allows us to offer all the creative and design contribution to companies that want to stand out by offering multidisciplinary design.

We follow the company and the product in all its development phases by applying innovation in the forms, tightening the designer-company combination giving the guarantee of the final result.

We have worked with the most important Italian and foreign brands and our products are present and exported all over the world.

We are able to rationalize an idea and always have a lateral thinking, with a single objective: to put man and his needs at the center of every project.
