day bed  
**MATER FAMILIAS**  
EXPERIENCE

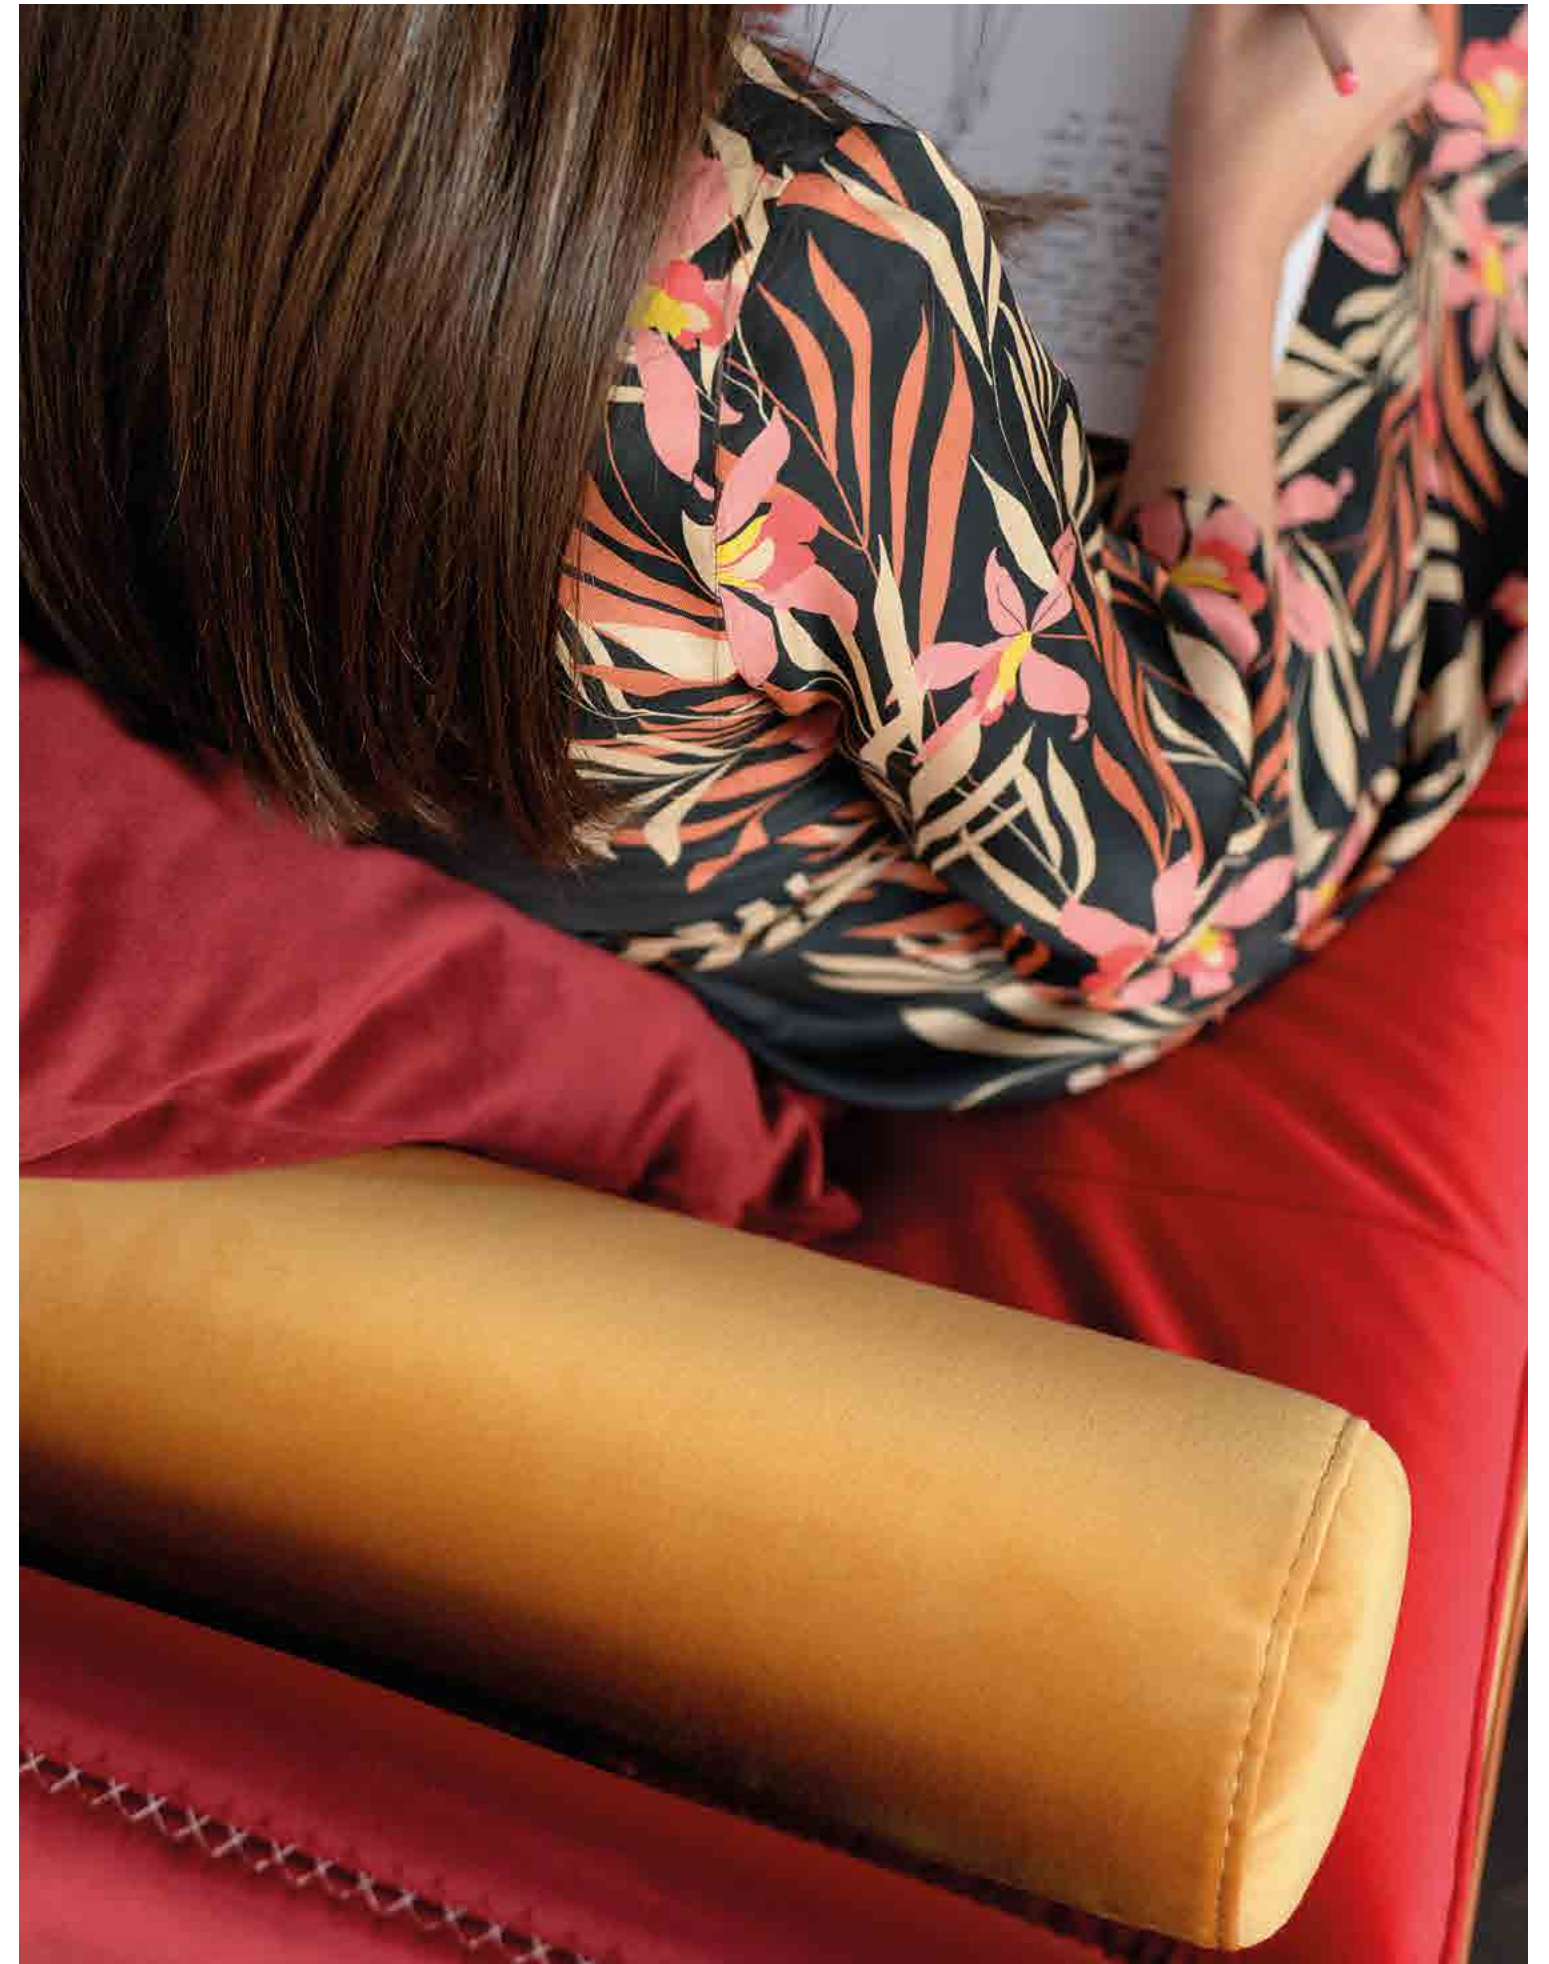

Day Bed è il capostipite della collezione Mater Familias. Un vero e proprio lettino dello psicologo che nasce nell'ambito di Architecture of Shame, progetto realizzato per Matera Capitale Europea della Cultura 2019 con lo scopo di raccontare la riabilitazione dalla vergogna della vita nei Sassi. Mater Familias è una collezione dedicata al ruolo della donna e alla cultura materana e il Day Bed è il suo primo modello che ne racchiude tutte le caratteristiche trasformandole in comfort experience: il piede a forcella ha la forma dell'utensile usato dalle donne per tirare le corde su cui stendere il bucato, le cuciture perimetrali richiamano quelle dei sacchi di grano e di farina, le imbottiture evocano i materassi cuciti dalle donne e i cuscini sovrapposti raccontano la stratificazione della cultura millenaria di Matera, la struttura è accogliente e richiama la solidarietà del 'vicinato'.

*Day Bed marks the beginning of the Mater Familias collection. Created within the Architecture of Shame project (Matera European Capital of Culture 2019), this is a true bed of the psychologists, which aims to tell the story of the rehabilitation from the shame of life in the Sassi during the past. Mater Familias, a collection dedicated to the role of women and the culture of Matera, presents the Day Bed as its first model. It contains many features that transform it into a comfort experience. They include: elegant forked legs, a reference to the female world in which the forked clothes props were used to raise the washing lines, the perimeter seams that recall the bags of wheat and flour they used, the padding that evokes the mattresses sewn by women and the overlapping cushions, which refer to the stratification of the ancient culture of Matera, the frame shape is embracing and somehow recalls the social life in the ancient neighbourhoods.*

Il modello Mater Familias è disponibile anche nelle versioni pouf – presenti in forma rettangolare e tonda – e bench. Rispetto alle dimensioni contenute dei pouf, la bench è una versione più lunga e meno profonda e può essere utilizzata come panca nella zona giorno o come fondoletto per arredare la zona notte. Caratterizzati dalla tipica seduta stratificata, sono studiati per creare configurazioni sempre nuove dando vita a uno spazio che supera le separazioni funzionali degli ambienti e li trasforma in una dimensione unica in cui vivere una comfort experience fatta di comoda convivialità.

*The Mater Familias model is also available as a footstool and offers rectangular and round shapes as well as bench versions. Compared to the small size of the footstools, the bench is a longer and shallower version that can be used as a bench in living areas or as a bed base to furnish sleeping areas. Characterised by typical stratified seats, these products are designed to create new configurations that create a space that goes beyond the functional separations of rooms, transforming them into a unique dimension in which to live a comfort experience made of comfortable conviviality.*

VENERE

EXPERIENCE

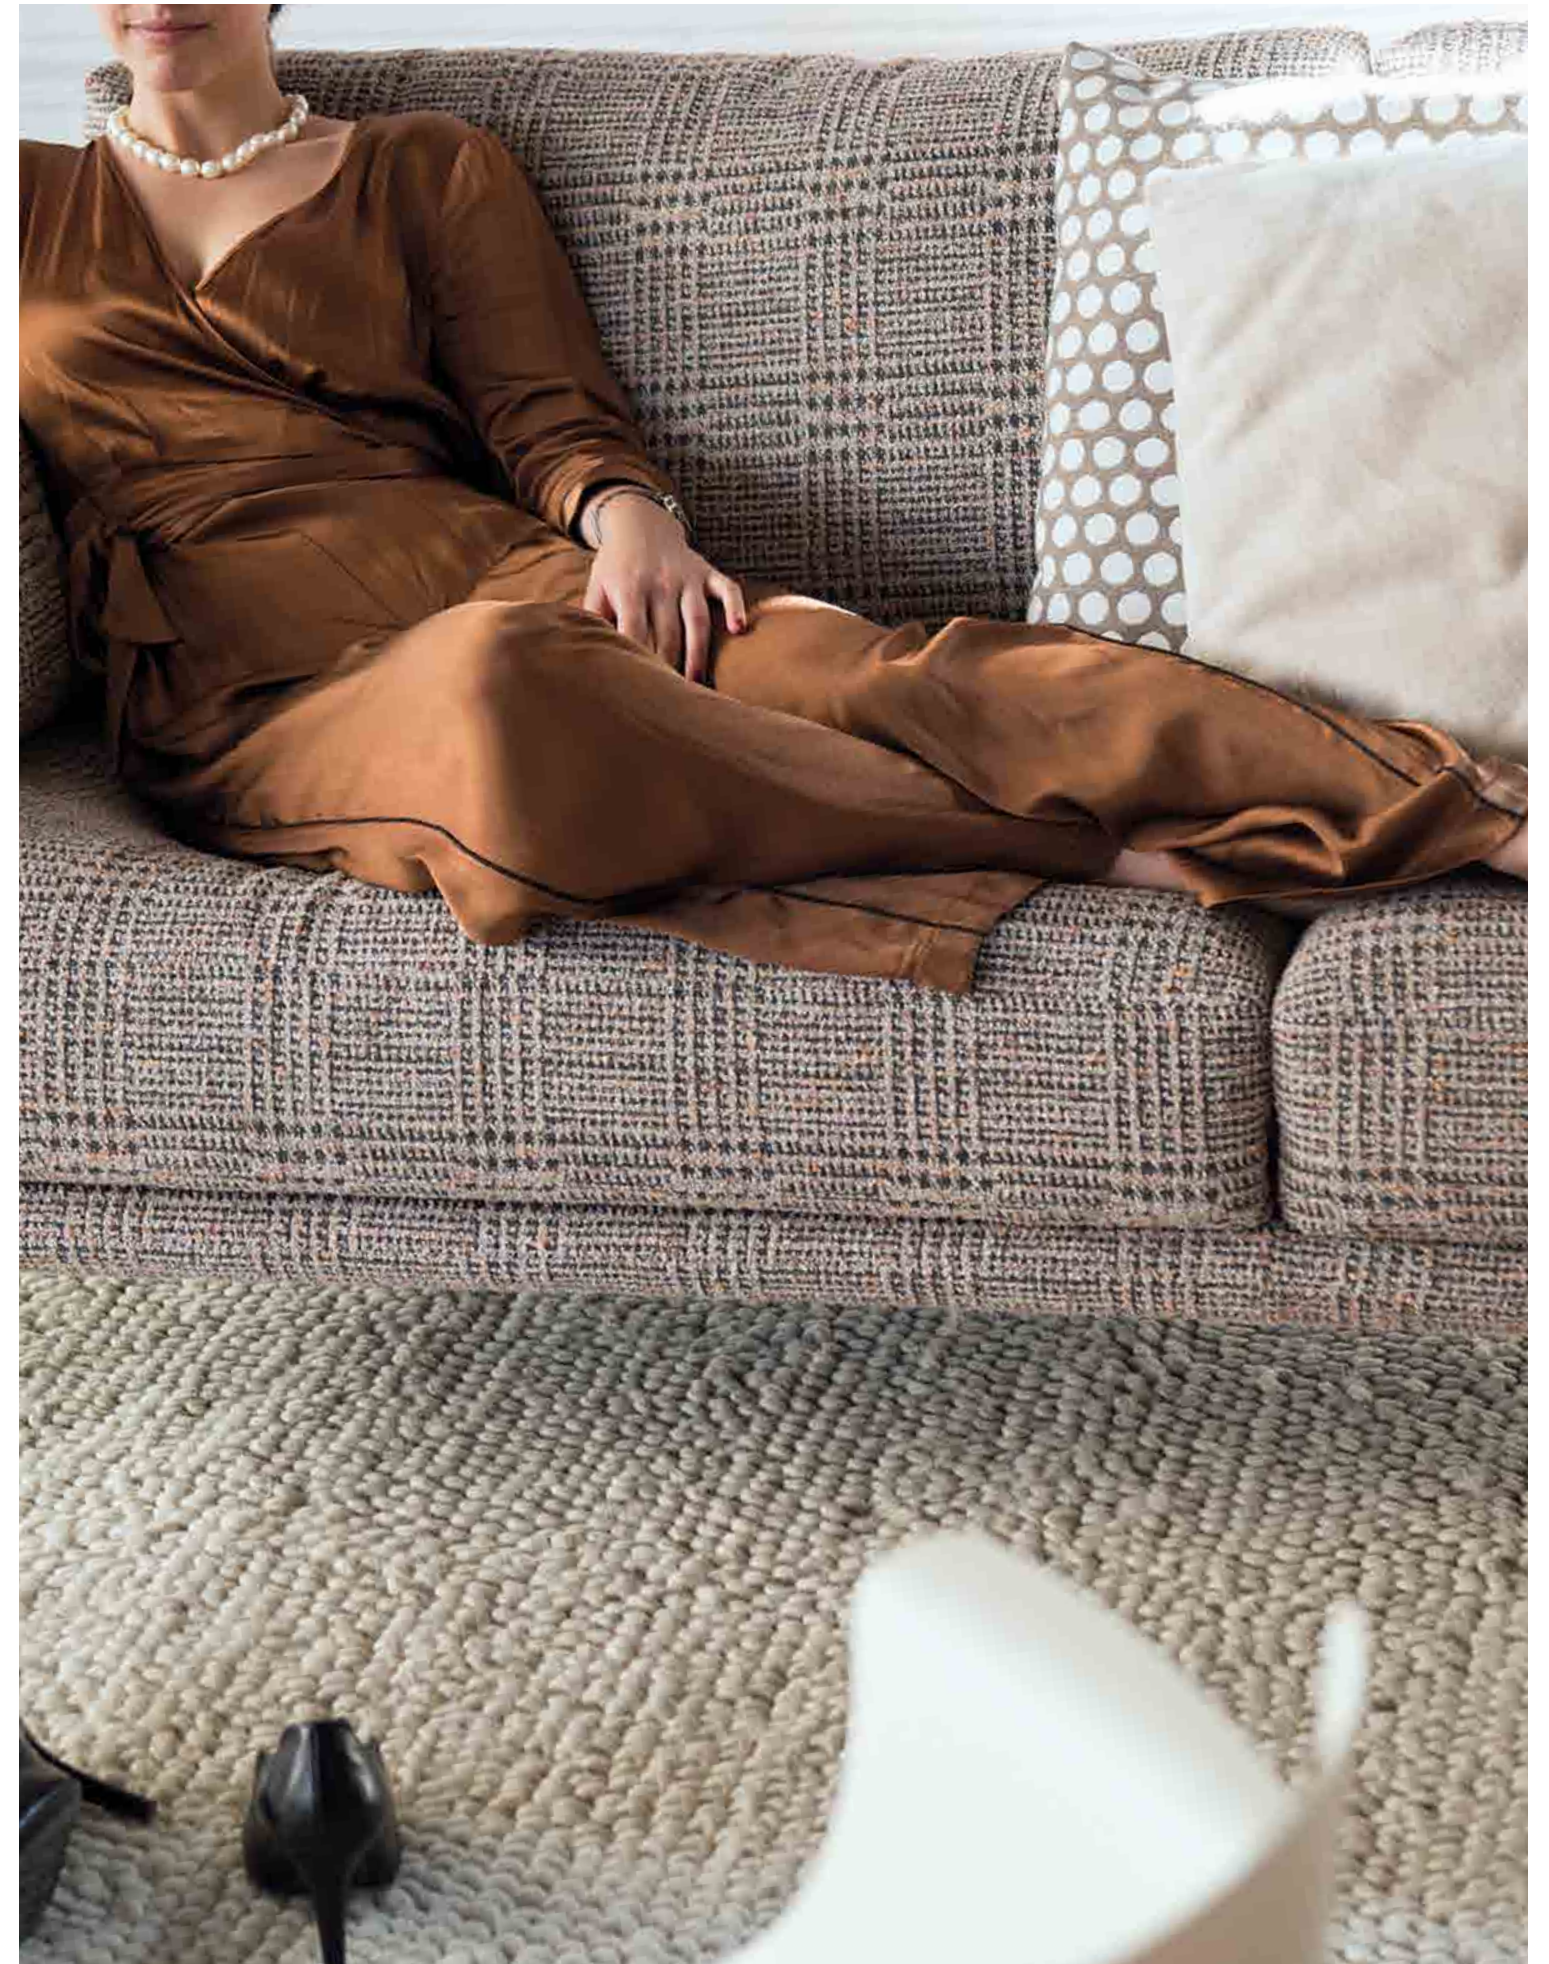

Declinazione del Mater Familias secondo un gusto più italiano, Venere rappresenta il modello più essenziale della collezione. La sua struttura sottile e avvolgente ospita morbidi cuscini per esperienze di puro comfort. Oltre alla versione divano, Venere è disponibile anche in versione divano small e dormeuse. Il primo nasce per offrire lo stile del modello Venere in dimensioni più contenute ed è perfetto anche negli ambienti più piccoli. Il secondo richiama il design del Mater Familias Day Bed con una seduta più avvolgente, grazie ai cuscini per spalliera e bracciolo.

*Created as an interpretation of the Mater Familias collection but with more of an Italian taste, Venus represents the most essential model of this collection. Its thin and enchanting structure houses soft cushions for the seat, backrest and armrests and welcomes every moment of your life giving you experiences of pure comfort. Venere is available both as a sofa version and as a small sofa and dormeuse. Small sofa versions feature compact proportions and are the perfect choice to suit smaller environments. The dormeuse version on the other hand recalls the Mater Familias Day Bed's design, with a more embracing seat, thanks to its back and armrest cushions.*

## poltrone MATER FAMILIAS VENERE

EXPERIENCE

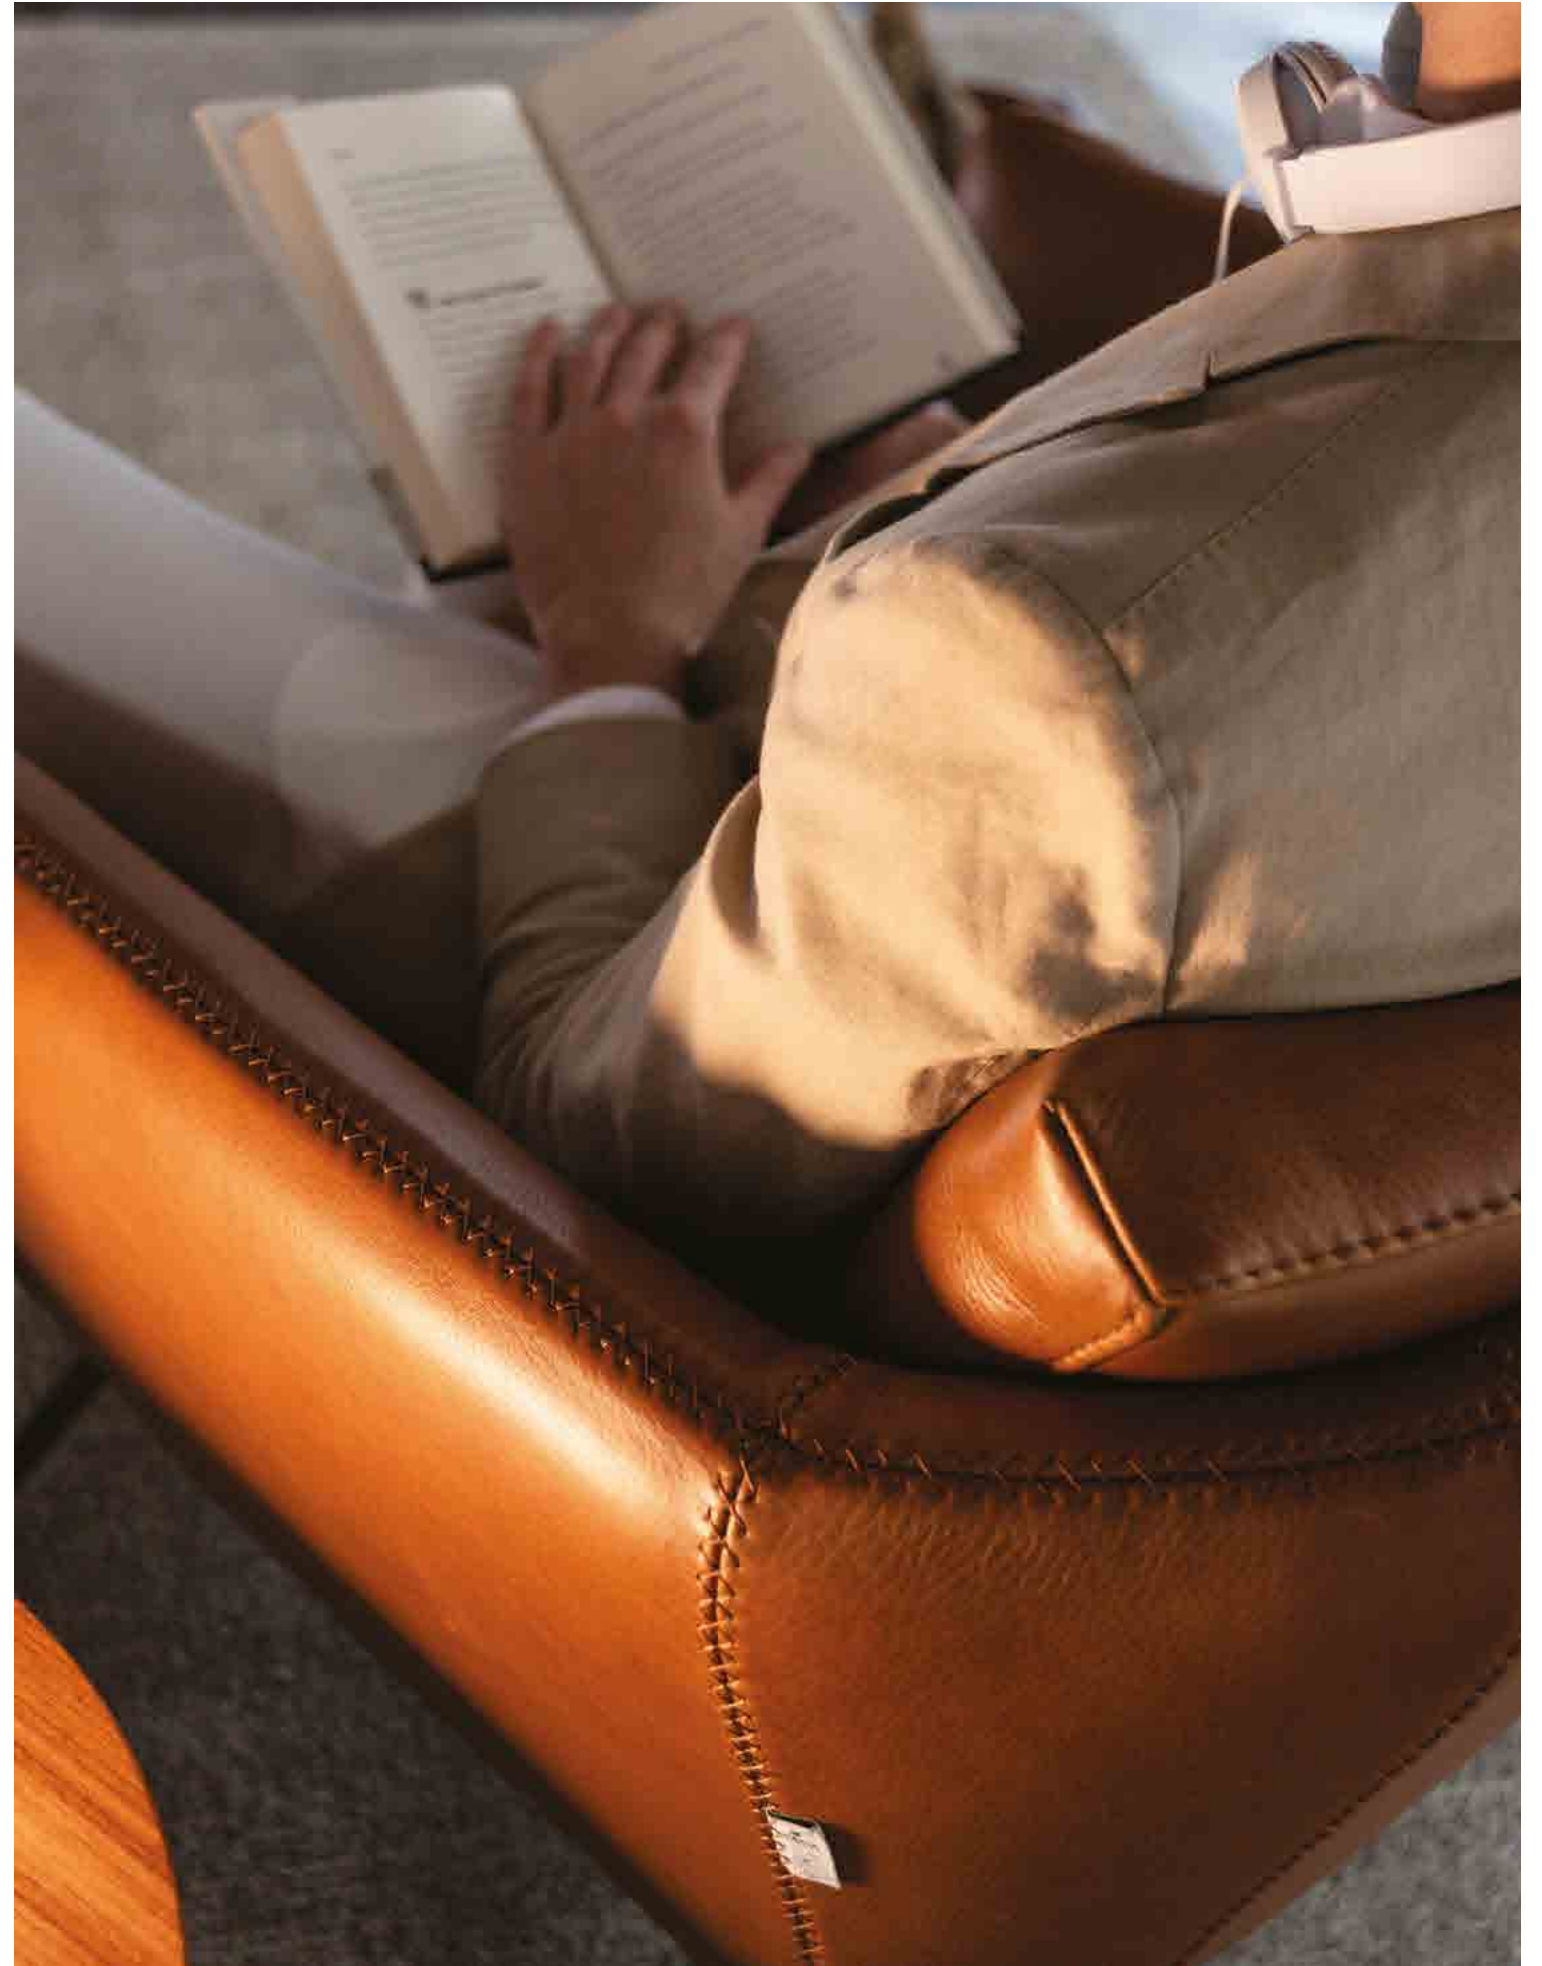

Il gusto del Venere in versione poltroncina, poltrona small, pouf e bench. Le versioni presentano lo stile essenziale del divano. Le poltrone riprendono la struttura sottile e avvolgente del modello e il morbido cuscino per la seduta: la poltrona small prevede anche un cuscino spalliera, studiato per offrire una comfort experience notevole nonostante le dimensioni ridotte che la rendono perfetta anche per gli ambienti più piccoli. Le versioni pouf e bench, caratterizzate dal piede a forcella tipico della collezione, danno la possibilità di arredare lo spazio con la composizione più adatta alle proprie esigenze: i pouf sono infatti disponibili in forma rettangolare e tonda – mentre la bench, più lunga e meno profonda, può essere utilizzata come panca nella zona giorno o come fondoletto per arredare la zona notte.

*A taste of Venus can be found in the armchair, small armchair, footstool and bench versions that all present the same essential style of the sofa model. The armchair takes on the slim and enveloping structure of the model as well as the soft cushion for the seat whilst the small armchair also includes a back cushion, designed to offer a remarkable comfort experience despite its small size. It is perfect even for smaller environments. The footstool and bench versions, characterised by the fork foot typical of the collection, give the possibility to furnish the space with the most suitable composition for one's needs. The footstools are in fact available in rectangular and round shapes - while the bench, which is longer and less deep, can be used as a bench in the living area or as a backrest to furnish sleeping areas.*

EXPERIENCE

Designer: Saverio Calia e Daniele Della Porta  
Moderno ed estremamente elegante, sobrio e rigoroso, Quint'Essènza è il divano a base aperta che poggia su piedi esili e sagomati in metallo lucido: una delle sue principali caratteristiche è la fiancata sottile rivestita in cuoietto rigenerato, che esalta il design del modello e gli conferisce un aspetto austero. Quint'Essènza è studiato per vivere la propria comfort experience da soli o in compagnia. Il divano presenta un particolare meccanismo che permette di sollevare il cuscino spalliera per aumentarne l'altezza e la profondità di seduta. Nella versione motion le sedute scorrono elettricamente attraverso un comando touch aumentando la profondità di ben 18 centimetri. Attivando insieme i due meccanismi di spalliera e seduta scorrevole, Quint'Essènza aumenta la sua profondità di 38 centimetri trasformandosi in un vero e proprio day bed.

*Designer: Saverio Calia and Daniele Della Porta  
Extreme elegance and modernity, sobriety and rigor, this is the Quint'Essènza – an open base sofa that rests on slender, shaped feet in polished metal. One of its main features is the thin side upholstered in regenerated leather, which enhances the design of the model and gives it an austere look. Quint'Essènza is designed for comfort experiences alone or in company and it even has a special mechanism that allows the back cushion to be raised to increase the height and depth of the seat. In the motion version the seats slide electrically via a touch control and can increase to a depth of 18 cm. By activating the two backrest and sliding seat mechanisms together, Quint'Essènza can increase its depth by 38 centimetres, transforming it into a real day bed.*

EXPERIENCE

Dall'esperienza e dall'abilità sartoriale dei maestri artigiani di Calia Italia nasce la lavorazione capitonné che riveste il divano, ad eccezione della seduta impreziosita da un bordino decorativo. Il Belle Epoque si distingue anche per il design moderno e sofisticato dei piedi progettati ad hoc per questo modello. Un divano raffinato e prezioso, amante delle conversazioni appassionate, che accoglie in tutta la sua eleganza regalando una comfort experience perfetta in ogni dettaglio.

*From the experience and sartorial skill of the master craftsmen at Calia Italia comes the capitonné workmanship that covers this sofa, excluding only the embellished decorative seat border. The Belle Epoque is also distinguished by the modern and sophisticated design of its feet that are specifically designed for this model. It is a refined and precious sofa, which loves passionate conversations and welcomes all to its elegance whilst giving a perfect comfort experience in every detail.*

EXPERIENCE

Nata dalla collaborazione con gli studenti del Corso di Laurea in Design Industriale dell'Università La Sapienza di Roma, Giuggiola è la poltroncina di Calia Italia che esalta la bellezza e la forza delle donne e si ispira alle "crocchie", ovvero le trecce con cui le donne materane che abitavano nei Sassi raccoglievano i propri capelli. Un modello che accoglie con la sua comfort experience chiccosa e creativa, disponibile in versione fissa, girevole e con seduta contenitore.

*A result of a collaboration with the Industrial Design students at the University La Sapienza of Rome, Giuggiola is an armchair by Calia Italia that exalts the beauty and strength of women and is inspired by the "crocchie" (the braids with which women who lived in the Sassi collected their hair). It is a model that welcomes you with its chic and creative comfort experience and is available in fixed, swivel and storage seat versions.*

# ELISIR

EXPERIENCE

La bellezza di Elisir nasce dal contrasto: le forme morbide che caratterizzano il divano si posano su piedini a spillo sottili e rigorosi, mentre una particolare cucitura decorativa ripercorre la linea del modello esaltandone il design. Elisir è un divano che si lascia ammirare ma nasconde un segreto che lo rende unico: un meccanismo posto all'interno della spalliera permette di aumentarne l'altezza, per trasformare la sua eleganza in un'esperienza di comfort.

*The beauty of Elisir comes from its contrasts. Soft shapes characterise the sofa and rest on thin and rigorous pin feet, while a particular decorative stitching traces the line of the model enhancing its design. Elisir is a sofa that can always be admired but it also hides a secret that makes it unique. Inside the backrest, you will find a mechanism that allows you to increase its height and transform its elegance into a comfort experience.*

EXPERIENCE

Linea essenziale e leggera, bracciolo sottile e piede esile. Genius Loci è il divano dalla forma geometrica che permette di sollevare il cuscino della spalliera con due diverse modalità, per aumentare la profondità di seduta e l'altezza della spalliera stessa, accompagnando chi lo sceglie in un mondo in cui il tempo si ferma per lasciare spazio ad un'autentica comfort experience.

*An essential and light line with a slim armrest and slim foot, Genius Loci is a geometrically shaped sofa that allows you to raise the cushion of the backrest in two different ways. First, to increase the depth of the seat and second, to adjust the height of the backrest itself. Those who choose this sofa will be accompanied to a world where time stands still and leaves room for an authentic comfort experience.*

EXPERIENCE

Linee sobrie ed essenziali. Stile nordico, ispirazione anni '60. Un unico bottone a sottolineare la trapuntatura centrale presente sulla spalliera e un piedino a spillo esile e alto ad esaltare il bracciolo in stile art nouveau dal profilo curvo e sinuoso. Tutto questo è Poli, la poltroncina disegnata da Calia Italia che arreda con stile anche gli spazi ridotti proponendo una comfort experience sospesa tra passato e futuro.

*With a Nordic style and 1960s inspiration, Poli features sober and essential lines. It has a single button that emphasises the central quilting on the backrest and a slim, high spiked foot to enhance the art nouveau style armrest with a curved and sinuous profile. It is an armchair designed by Calia Italia that furnishes even the smallest of spaces with style, offering a comfort experience suspended between the past and future.*

EXPERIENCE

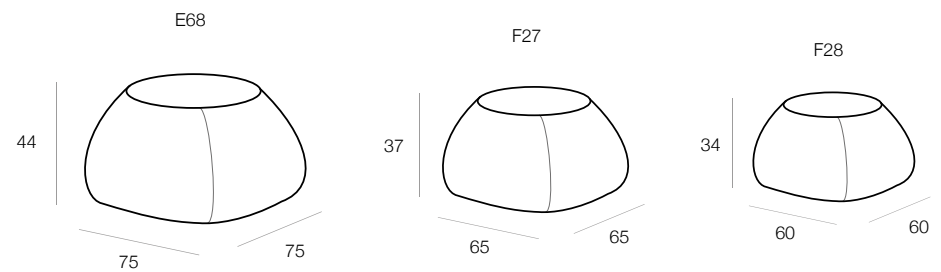

I pouf di Calia Italia sono complementi di design altamente versatili che si adattano a diversi stili e regalano una comfort experience fatta di estetica e funzionalità. U'Strozz, il cui nome in vernacolo materano significa "gli stracci", è il pouf ecosostenibile di Calia Italia realizzato con sfridi di produzione: il lavoro dell'artigiano dà vita a un prodotto mai uguale all'altro e come tale unico e originale, ma soprattutto ecologico. Macaron è un pouf ironico e divertente, ispirato all'omonimo pasticcino francese. I suoi colori sono studiati per mettere sempre in risalto la "farcitura centrale" e può essere usato singolarmente come seduta bimbo, oppure in versione doppia sovrapponendo due Macaron per la seduta adulto.

Trapezio è il pouf morbido e leggero dalla singolare forma trapezoidale disponibile in tre diverse dimensioni. Perfetto per la cameretta dei bambini, è un oggetto d'arredo per ogni ambiente della casa e prevede diversi tipi di rivestimento in tessuto o in pelle con particolare rifinitura a taglio vivo.

*Calia Italia footstools are highly versatile design complements that adapt to different styles and offer a comfort experience made of aesthetics and functionality. U'Strozz (meaning 'the rags' in Materan dialect) is Calia Italia's eco-sustainable footstool and it is made out of production scraps. The craftsman's work gives life to a product that is never the same and is always unique and original. Above all it is a product that is ecological. Macaron is an ironic and funny footstool, inspired by the French pastry of the same name. Its colours are designed to always highlight the "central filling" and can be used individually as a child's seat, or in a double version by putting two Macarons on top of each other for an adult seat.*

*Trapezio is a soft and light footstool with a unique trapezoidal shape and it is available in three different sizes. Perfect for a child's bedroom, it is a furnishing object for every room of the house and provides different types of upholstery in fabric or leather with a special raw cut finish.*
