Contemporary, Incompatible & Unique

ENNE was established in 1999 and has worked ever since in the pursuit of contemporary design concepts. The concept, as well as the selection of materials, workmanship and manufacturing, are all guided by the desire to experiment without overstepping the boundary into excess, supported by constant attention to quality and ergonomics. ENNE believes that design products should not only be technically excellent, but also respond to real consumer needs, as well as offering aesthetics to stir the emotions.
