CARLO COLOMBO 2019

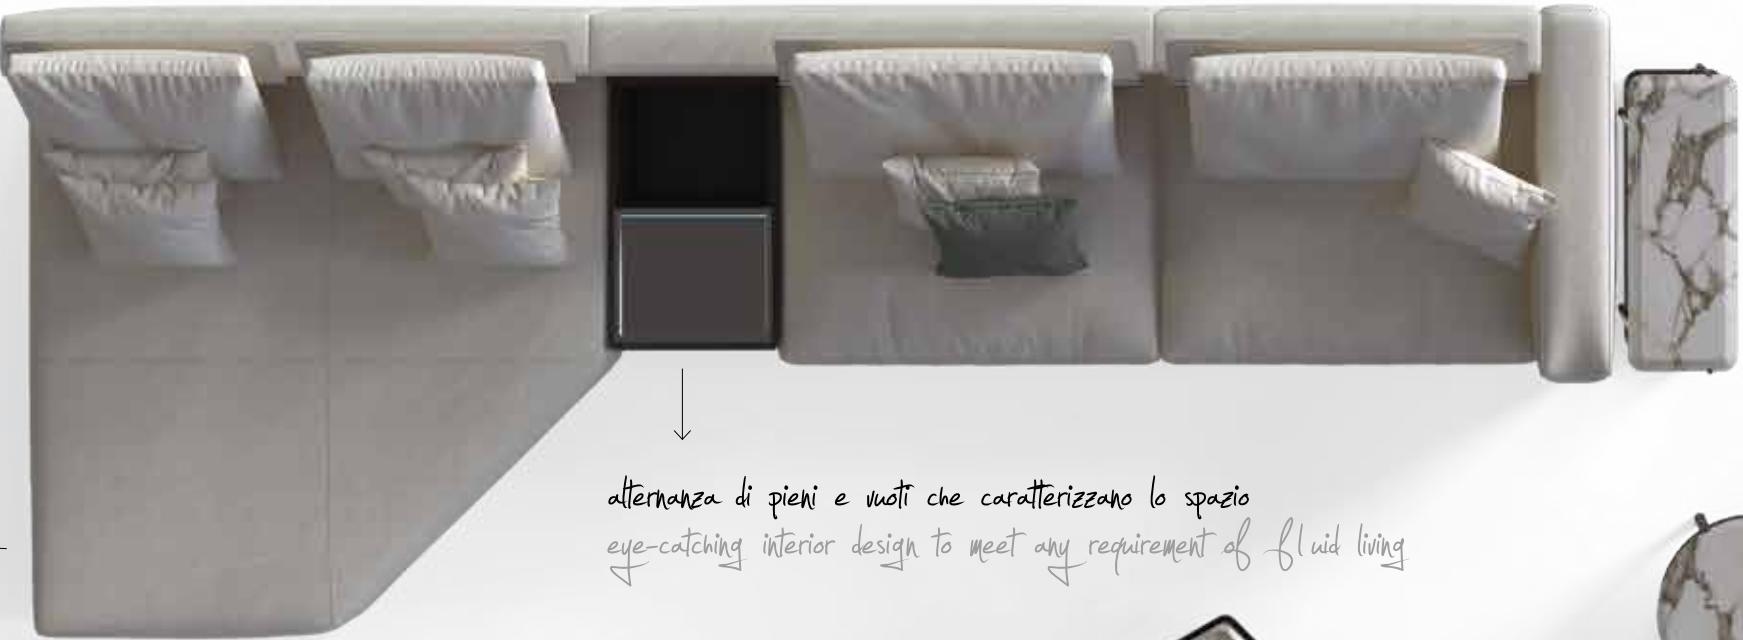

La dinamicità delle linee, la qualità dei materiali, la funzionalità e la flessibilità delle composizioni sono i punti cardinali attorno ai quali ruota il design di Skyline, una vera e propria architettura domestica. Un sistema estremamente modulare capace di adattarsi con naturalezza alle aree di lavoro e rappresentanza, così come agli ambienti domestici, in cui il living è il punto focale di tutto lo spazio abitativo, da comporre come isola speciale dedicata al relax o come angolo aperto alla convivialità.

The dynamism of the lines, the quality of the materials, the functionality and flexibility of the forms are the key points around which the design of Skyline sofa rotates, a real domestic architecture. A very modular system able to naturally adapt to the working and executive areas, as well as to the domestic spaces, where the living room is the focus of the whole residential environment. Design pieces to shape as a special island dedicated to relaxation or as a corner open to conviviality.
